

## Environmental Policy for The ViperCo Group Limited

**Date:** 15/08/2024

### Introduction:

At The ViperCo Group Limited, we are committed to reducing our impact on the environment. We recognize that our operations have the potential to affect the environment and we take our responsibility for managing those impacts seriously. This policy outlines the measures we will take to minimize our environmental footprint, comply with all relevant legislation, and continually improve our environmental performance.

### Scope:

This policy applies to all aspects of our operations, including but not limited to, the sourcing of raw materials, production processes, transportation, and disposal of waste.

This policy applies to all of our operations and facilities across the United Kingdom.

### Policy Statements:

#### Compliance with Laws and Regulations:

We will comply with all applicable environmental legislation, regulations, and standards in the UK.

We will not knowingly engage in any activities that are illegal or harmful to the environment.

We will keep ourselves informed of changes in environmental legislation, regulations, and standards and take appropriate steps to comply with them.

### Pollution Prevention:

We will work to prevent pollution in all its forms, including air, water, and land pollution.

We will minimize the use of natural resources and the generation of waste by continuously improving the efficiency of our operations.

We will use eco-friendly materials and products wherever possible.

We will implement a closed-loop production system for recycling of waste and by-products of our production process.

### Resource Conservation:

We will conserve natural resources by reducing the use of energy, water, and raw materials through implementation of efficient production practices and technologies.

We will work with our suppliers to encourage sustainable sourcing of raw materials.

### Environmental Management System:

We will establish an environmental management system (EMS) that conforms to the ISO 14001 standard.

We will set environmental objectives and targets that are aligned with our overall business strategy, and regularly review and update them.
